

# Welcome to Kaslo

## Kaslo and District Chamber of Commerce

### THE KOOTENAYS

One of the oldest Incorporated communities in the Kootenay's, Kaslo is alive with rich, diverse and eclectic activities. From the Monashee Mountains through to the Rocky Mountains, the Kootenays are connected with the Trans Canada Highway (Hwy #1) in the North and the Crowsnest Highway (Hwy #3) in the South. Numerous Provincial Parks cover the landscape throughout, creating a recreational Mecca.

### VILLAGE OF KASLO

The Village of Kaslo is located on an alluvial fan from the Kaslo River, which flows into the largest natural lake in southern BC- Kootenay Lake. Front Street is the main commercial core of the Village, but throughout Kaslo there are historical buildings and businesses located within and without the village limits. All amenities are available in Kaslo, as other smaller communities throughout North Kootenay Lake consider Kaslo their resource hub.

### SOUTHEASTERN BC

The Kootenays is rapidly becoming one of the more popular retirement and vacation areas in British Columbia. Visitors, re-locators and investors alike are discovering the recreational tourism opportunities in this area for spectacular scenery and quaint villages. Please visit <http://www.kaslochamber.com> for more information about Kaslo and Area.
